

FABRICATION FOLLOW UP

We supply competence and experience within the following areas:

Site Admin/HSE
Site Management
HSE Inspections
QC Management
NDT Management
Welding Management
Planning
Responsible NDT Level 3
QA/QC Coordinator

Welding
Technical Auditor (NDT & Welding)
WPS, WPO, pre-WPQRs
Welding Inspection/Supervision
PWHT (Post Weld Heat Treatment)

Fabrication
Checking of Material Certificates
and Traceability
Structural Fabrication
Piping Fabrication and Installation
Pipe Support Fabrication and Installation
Equipment Installation

Surface Treatment
Painting and Coating Inspection
Insulation Inspections

NDT/NDE
NDT Instructor
ET (Eddy Current Testing)
MT (Magnetic Particle Inspection)
PT (Dye Penetrant Inspection)
RT (Radiographic Inspection)
Radiographic Film Interpretation
VT (Visual Inspection)
UT (Ultrasonic Inspection)
HT (Hardness Testing)
PMI (Positive Material Identification)

Testing
Pressure Testing
Hydrostatic Testing & Preservation
Load Testing
ITP Follow Up

Completion
MC (Mechanical Completion)
Commissioning
FAT (Fabrication Acceptance Test)
3rd Party Verification
Grillage
Seafastening
Load Out/Load Out Management

"Through our extensive experience during many years at yards in Asia and Europe, we know how to achieve the right quality on time. We help our clients to succeed with their projects!"

Jens Arild Apland
Master in Offshore Construction
